To make things easy for you we've put together this guide of 5 of our favourite radiators from The Radiator Company. Let's get started.

About The Radiator Company

The Radiator Company was established in 1998 and for more than 20 years has successfully provided top, modern radiators that are suitable for any room in your house. Whether you're looking for radiators for your bathroom, living room, bedroom, conservatory or hallways, you can conveniently buy radiators online from their [website](#).

The Radiator Company is one of the largest independent distributors of design-led radiators in the UK and Ireland. They supply a range of items including towel rails, radiators, valves and accessories. Browsing through their extensive range, you're sure to find the perfect radiator for your home. Almost all their items are exclusively designed and produced in Italy. Choose from a variety of sizes, colours and designs including aluminium, cast iron and multi-column. So if you're wondering where to buy radiators from, The Radiator Company is your top choice.

Our 5 favourite designer radiators

The best radiators should provide you with the right amount of warmth you need for your usage, be efficient to run and look great in your home. It's a bonus if they offer value for money! These are our 5 favourites:

1. Immagina LED

This stylish [radiator](#) is made from a high-quality Italian design and manufacturer. It's so beautiful to look at that it immediately adds an art-like quality to your home. The optional colour-changing LED light adds the extra touch of luxury your home needs. The LED option comes with a remote

control, and each piece is made to order so give it five weeks to ship to you. This designer radiator is perfect for contemporary homes and comes with a 10-year guarantee.

2. Athena Vertical Radiator

This [radiator](#) is perfect for those going for a minimal and monochromatic theme in their home. The slim flat front and sleek panel design makes for a timeless and ultra-modern look. The radiator comes with a 5-year guarantee and you can choose between the vertical or horizontal option too. Go for this if you are looking for a radiator with low water content and improved efficiency.

3. Sitar Horizontal

This popular [model](#) comes in a single or double panel and is made from high-quality steel round tubes. This design will look perfect in any home, traditional or contemporary given its simple look. With a 10-year guarantee and watt range of 218 to 2800, it is a great addition to any room in the house. Keep an eye out for the matching Sitar towel rail to complete your collection.

4. Torr  Horizontal

This ultra-slim aluminium [radiator](#) serves as an attractive feature to any room. The radiator can be bought in 2 different heights and 3 width options, as well as the vertical design. With an unobtrusive classic design, 5-year guarantee and high thermal efficiency, it makes for the perfect addition to any home. The dark colours go great with wooden and metal furniture, and you can also get this in white.

5. Halo Electric Radiator

This low-water-content [radiator](#) is made with a distinctive design. It is available in 188 colours and comes with a warranty of 5 years. The industrial style of this radiator is reminiscent of the turn-of-the-century era and will go perfectly in large, open spaces with other concrete, wooden or brick textures in your home. This is one of the most striking and eye-catching radiators to own and is sure to be the envy of your guests. Each item is specially made to order, and the chrome version can take up to 9 weeks.
